# KITCHEN !!

Thanks to those who helped do a deep cleaning of the kitchen. As many know we are permitted by Kansas City health department to operate our kitchen, which requires us to meet many health standards. In order to maintain these standards it requires the cooperation of all who use the kitchen. We are subject to an annual inspection at any time during the year. Cleanliness is a must

Any food that is placed in the refrigerator or freezer must be labeled with group name and date. Expiration dates on items are required to be removed from the refrigerator. There are instructions on the refrigerator on how foods should be stored.
